Equal monthly payments are included in the minimum payment due on the card. If the minimum payment due is not paid in full by the due date, the annual interest rate of not more than 19.9% on the card applies to the unpaid equal monthly instalment, including monthly instalment. **Other conditions:** There is a 21-day, interest-free grace period on the card from the date the monthly statement is mailed or from the date it is made available in electronic format to settle the account without paying interests. Minimum card payment is 5% of the total on: (i) the balance shown on the account statement for the previous period; (ii) interests on purchases and monthly instalments that have not been paid on the due date for the previous period; (iii) regular purchases during the statement period; (iv) monthly instalment(s) relative to Multiple purchases through equal payment or Multi-Purchase Plan for the statement period; (v) deferred payment purchases due on the statement date; and (vi) past due amounts and any other amount set out in the card contract. Other conditions can be applied, refer to the card contract. See details in store. Information effective on March 16, 2015 – the Federation. (M9B)
